EZOffice

The Green Life of Ergonomic Solutions

More Comfort for Computer Users

EZOFFICE

Our products are designed to improve the computer user's comfort, which can result in improved workplace productivity.

In 1998 EZOffice began operations as a manufacturer of adjustable keyboard drawers and CPU holders in Taiwan. EZOffice is a wholly owned subsidiary of the Weber Knapp Company, Jamestown, New York. For more than 25 years Weber Knapp has been recognized as an industry leader in the development and manufacturer of keyboard mechanisms both in the United States and Canada. A long time employee of the Weber Knapp Company serves as the General Manager of EZOffice whose manufacturing facilities and offices are located in the Ta Fa Industrial Park, Kaohsiung, Taiwan.

EZOffice specializes in manufacturing adjustable computer keyboard mechanisms and tray sets. Our designs are original and can be traced through numerous U.S. patent filings back to the Weber Knapp Company. EZOffice products are BIFMA rated with letters of BIFMA product certification available upon request. BIFMA (Business and Institutional Furniture Manufacturer's Association) is an organization in the United States that specifies the minimum construction standards for commercial office furniture and accessories.

Our MDF products are in compliance with CARB (California Air Resources Board) Phase 2 Standard We'll keep working towards eco-friendly products and plan to apply for Greenguard certification in the future.

EZ1003
